# FLIXWHITE GR

**KIT:**

7

**Grammage range:**

38

40

45

50

**Width :**

Min- 100 mm.

Max- 1800 mm.

- **Grease Resistance:**

Effectively prevents oil and grease from seeping through, keeping surfaces clean and food well-presented.

- **Food-Safe Material:**

Manufactured from food-grade materials, ensuring safety and hygiene in direct contact with food.

- **Versatile Application:**

Suitable for various uses, including wrapping, lining trays, and displaying foods like baked goods, fried items, or greasy snacks.

FLIXBROWN GR  
KIT 7

# FLIXBROWN GR

**KIT:**

7

**Grammage range:**

38

60

**Width :**

Min- 100 mm.

Max- 1800 mm.

- **Grease Resistance:**

Effectively prevents oil and grease from seeping through, keeping surfaces clean and food well-presented.

- **Non-Stick Surface:**

Ideal for wrapping or lining, ensuring food doesn't stick to the paper.

- **Biodegradable and Eco-Friendly:**

Environmentally friendly option as it is often recyclable and compostable.

- **Heat Resistance:**

Can withstand moderate heat, making it suitable for baking or serving warm foods.
